

## Assertiveness Skills: Communicating with Authority and Impact - 2 Days

### Course 244 Overview

#### You Will Learn How To

- Demonstrate and model assertive behaviour for win-win outcomes
- Gain self-awareness of your attitudes, behaviour patterns and habits
- Develop a positive, proactive response to difficult behaviours in others
- Exhibit confidence in your ability to address challenging situations
- Enhance your skill set using proven tools, tactics and techniques
- Generate the results you want when dealing with others

#### Course Benefits

Professionals at all levels need the ability to project their thoughts and ideas with an assertive communication style. The skill of expressing opinions confidently and clearly is critical. In this course, you gain the knowledge and skills to proactively and effectively apply appropriate levels of assertiveness in a professional environment. You also design a personalised action plan to further develop your assertiveness skills for use back at work.

#### Who Should Attend

Anyone interested in building effective and assertive communication skills, including business, nonprofit, government and educational professionals, team and project leaders.

#### RealityPlus™

Experiential activities, including real-playing and role-playing, allow you to simulate real-world situations and practise the skills and techniques presented throughout the course. Activities include:

- Practising assertive communication
- Exhibiting confident body language
- Developing assertive characteristics
- Modelling assertive behaviour options
- Assertively managing real-world pressures and demands
- Profiling your conflict-handling style
- Applying assertiveness techniques
- Responding proactively to common challenges
- Planning successful outcomes
- Giving and receiving structured feedback
